Overview

What is MAA?

**MAA** is Medi-Cal Administrative Activities.

Local Governmental Agencies (LGAs) that participate in the MAA program are eligible to receive 50% federal reimbursement for the cost of performing Medi-Cal administrative activities that directly support Medi-Cal Services to their Clients.

Why Time Survey?

Perpetual time surveying is an accurate method to track your reimbursable activities. Daily Time Survey = Higher Reimbursement for your Organization.

What does it really mean for my Organization?

Basically, it means that your daily time surveying allows your Organization to be eligible for unrestricted funding.
