CalAIM MHP Service Codes, Max Time, Add-On Codes

Add-On Code Definitions			
Code	Service	Discipline	Notes
MG2212	Prolonged Office or Other Outpatient Evaluation & Management Service(s) Beyond the Maximum Time; Each Additional 15 Minutes	MD/DO, PA, PhD/PsyD, LCSW, MFT, LPCC , NP or CNS / Same as disciplines for primary service	Duration = prolonged time Utilized with LPHA service codes
MT1013	Interpretive Service -Sign Language or Oral Interpretive Services	All disciplines	Utilized when interpretation services are used (only if another provide interpretation- not for bilingual staff).
M90785	Interactive Complexity	MD/DO, PA, PhD/PsyD, LCSW, MFT, LPCC , NP or CNS / Same as disciplines for primary service	Can only be utilized with assessment/psychiatric evaluation, therapy and group therapy codes. Refers to factors that increase the complexity of a client's treatment. For example: <ul style="list-style-type: none"> • Managing maladaptive communications that complicate service delivery (high anxiety, increased WM symptoms, agitation, confrontation/disagreement, reactivity, repeated questions, etc.). • Caregiver emotions or behavior that interferes with ability to support the treatment of the individual in care. • Evidence of disclosure of a sentinel event/mandated report. • Use of play equipment or other devices to overcome barriers to therapeutic interaction.
M90887	Interpretation/Explanation of Results of Psychiatric or Other Medical Procedures to Family or Other Responsible Persons	MD/DO, Pharm, PhD/PsyD, LCSW, LMFT, LPCC , PA, NP/CNS, OT	Utilized when a provider interprets or explains the results of psychiatric tests or other psychiatric/medical procedures to a family, caregiver or other significant support person.
