

Avatar CalAIM Workgroup Meeting Agenda

7/21/2022

9:00 AM - 10:00 AM

Meeting Purpose: The Avatar CalAIM Workgroup is a subcommittee of the Avatar Process Improvement Meeting, to address CalAIM related changes to Avatar forms, reports, and workflows. The workgroup reports back to the larger Avatar Process Improvement Meeting.

Mission: Make recommendations and decisions about CalAIM updates to Avatar, with representation from County Behavioral Health and Contract Partner's front-line staff, providers, and management.

Psychosocial Assessment Discussion

1. **Psychosocial** - Plan for today is to discuss, evaluate, and plan for modifying our current Psychosocial SC form to fulfill new requirements.
2. **CalAIM Requirements** for assessment are in the [CalMHSA CalAIM LPHA manual](#) starting on page 12.

Other Discussion

1. Trauma Screening Tool

- a. A universal Trauma Screening Tool will be required by all counties. The state is still working on it. It will possibly be the ACES, or some version of it, but we do not yet have the final form. ETA unknown.
- b. ACES is already included in our CANS and possibly the ANSA. We need documentation on this in case we need to provide to state auditors.
- c. ACES information: <https://training.acesaware.org/>
- d. CDC also has a website re ACES. It shares their data collection surrounding the ACES

Parking Lot

1. Will hold these topics until both DMC and MH staff attend.

- a. Training - Who is responsible? How to organize?
- b. Overall Intent and focus of workgroup - Does this need any refinements or additions?
 - i. Workgroup purpose is to discuss CalAIM changes to Avatar and report back periodically to the larger meeting.
 - ii. Comprised of both supervisory and line staff.
- c. CalAIM Overview and recap
 - i. CalAIM has ushered major regulatory changes to the California Medi-Cal system.
 - ii. CalAIM is designed to streamline documentation and auditing practices by focusing on Fraud Waste & Abuse (FWA) to alleviate the excessive administrative burden and focus more on clinical best practice.
 - iii. CalAIM employs a person-centered approach to improve access and coordination among the delivery systems.
 - iv. Minor documentation infractions resulting in recoupments will no longer be deemed priority through the lens of FWA.
 - v. With CalAIM, providers can bill for legitimate collaboration of staff members in the same agency who hold different roles for the same client. This has been an area of lost revenue and staff frustration.
